Reconstruction

ID PFH 26(3)

Highway 75 between mileposts 206.7 and 207.9 through “**Pebble Beach**”

On site work is scheduled to start for this final project on or around August 1, 2016. Once work does start up there will be minor delays of up to 15 minutes at a time during the working day. There will also be one lane traffic with signal lights controlling traffic during non-working hours.

You may start to see equipment showing up on the project in the next few weeks. As we get closer to the work starting additional updates will be sent out.
